

ADDENDUM

to the Protocol concerning the Participation by Universities and Scientific Institutions from the Republic of Cyprus in the High-Energy Particle Physics Programme at CERN

12.1 Scientific and technical personnel participating in the CMS

Experiment: Funds for appointing postdoctoral fellows, electronic engineers and technicians in Universities and Scientific Institutions from the Republic of Cyprus for the purpose of participating in the construction, running and analysis of the CMS Experiment at LHC.

12.2 Travel expenses and subsistence payments for participating in the

CMS Experiment: Funds to cover the travel expenses and subsistence payments of the scientific and technical personnel from Universities and Scientific Institutions from the Republic of Cyprus participating in the construction, running and analysis of the CMS Experiment at LHC.

12.3 Participation in the Construction, Maintenance and Operation of

the CMS Experiment: Funds to cover the participation of Universities and Scientific Institutions from the Republic of Cyprus in the construction, maintenance, operation and upgrade of the CMS Experiment at LHC.

12.4 Expenditures for Materials, Services and Equipment at CERN:

Funds to cover expenditures for materials, services and equipment required by the scientific and technical personnel of Universities and Scientific Institutions from the Republic of Cyprus, which fall outside the normal support provided by CERN for visiting teams.

12.5 Expenditures for Materials and Equipment in the Republic of

Cyprus: Funds to cover materials, detectors, electronics and data acquisition systems for strengthening the infrastructure of laboratories in Universities and Scientific Institutions in the Republic of Cyprus, in

relation to their participation in the LHC programme.

12.6 Theoretical Physics: Funds to cover the participation of theoretical physicists from Universities and Scientific Institutions from the Republic of Cyprus in scientific activities at CERN.

12.7 Other Physics Projects at CERN linked to High Energy Physics: Funds to cover the participation of scientific and technical personnel from Universities and Scientific Institutions from the Republic of Cyprus in any other projects and scientific activities at CERN linked to high energy physics.

12.8 Workshops - Schools: Funds for the organization of workshops, seminars and schools and for covering the participation of students and high-school teachers from the Republic of Cyprus in such training programmes.
